Subject: Re: Important - Claim process for Replacement PYTH Tokens
Date: Friday, October 13, 2023 3:08:10 PM

Hello,

This is a friendly reminder to please complete the Synaps process for KYC/KYB verification as soon as possible.

Instructions:

Synaps Process for KYC/KYB and Wallet Set up

1. Complete the Synaps identification and authentication process here: <https://pyth.synaps.me/signup>. To avoid delays or issues, be sure to use the exact legal entity/person that is the Existing Token Holder.
2. Provide a Solana wallet address which will receive the Replacement PYTH Tokens. To facilitate future governance, this wallet should allow for Web3 interaction via Wallet Connect. Note this wallet address will be collected by Synaps as part of the application form.

Regards,

Hello - hope this email finds you well.

We are emailing you with important information pertaining to the tokens adopted as the native token for the Pyth Network (the “**Replacement PYTH Tokens**”).

Holders of the original PYTH Tokens (“**Existing Token Holders**”) will receive an equivalent entitlement to Replacement PYTH Tokens (“**Token Entitlement**”). The original PYTH Tokens have become unavailable due to unforeseen circumstances. The Replacement PYTH Tokens are not materially different from the original PYTH Tokens.

Existing Token Holders have until 11:59 PM Eastern Standard (UTC -5) time on Thursday, December 7th, 2023 (the “**Deadline**”) to exercise their Token Entitlement and claim the Replacement PYTH Tokens.

There are two steps Existing Token Holders must take to receive their Token Entitlements:

1. Synaps Process for KYC/KYB and Wallet Set up

1. Complete the Synaps identification and authentication process here: <https://pyth.synaps.me/signup>. To avoid delays or issues, be sure to use the exact legal entity/person that is the Existing Token Holder.

2. Provide a Solana wallet address which will receive the Replacement PYTH Tokens. To facilitate future governance, this wallet should allow for Web3 interaction via Wallet Connect. Note this wallet address will be collected by Synaps as part of the application form.
3. Please reach out if you want more information on how to take delivery of the Replacement Pyth Tokens, including introductions to wallet service providers. Existing Token Holders acknowledge and agree that PYT Foundation, its affiliates and service providers and the Pyth Data Association, its affiliates and services providers make no representations or warranties, express or implied, with respect to any providers of custody solutions ("**Custody Providers**") or their compatibility with Wallet Connect and disclaim any and all liability with respect to Custody Providers and Wallet Connect.

2. Token Delivery Agreement (TDA)

1. Please see the attached TDA for your review and let us know if you have any questions. Please reply back to this email with the name, title, physical address, and email address of the signatory so that a TDA DocuSign (along with additional details) can be sent to such signatory for execution.

Note that any Existing Token Holder who fails to complete the two steps above to claim their Token Entitlement by the Deadline will forfeit their Token Entitlement and the Replacement PYTH Tokens will be reallocated and delivered to the Pyth Data Association.

There are 10,000,000,000 Replacement PYTH Tokens and this total supply will not increase. 85% of the Replacement PYTH Tokens will initially be contractually locked. The locked Replacement PYTH Tokens will gradually unlock 6, 18, 30, and 42 months after the Replacement Pyth Token launch. The remaining 15% of Replacement PYTH Tokens will initially be unlocked.

Thank you,

--
